---

**1(3)(a) As at the date of this certificate, the following State environmental planning policies (SEPPs) apply to the subject land. Any enquiries on the SEPPs should be directed to the Department of Planning:**

**State Environmental Planning Policy No. 1 - Development Standards - Gazetted 17 October 1980**

The Policy sets out the general principle that a development standard contained within an environmental planning instrument may be varied where strict compliance can be shown to be unreasonable or varied where strict compliance can be shown to be unreasonable or would tend to hinder the attainment of the objects specified in the Environmental Planning and Assessment Act, 1979.

**State Environmental Planning Policy No. 4 - Development Without Consent and Miscellaneous Exempt & Complying Development - Gazetted 4 December 1981**

This Policy allows development for the purpose of bushfire hazard reduction to be carried out on land to which the SEPP No. 4 applies without consent if the development is consistent with a plan of operations prepared under the Bush Fires Act 1949 and does not include clearing of wetlands identified in SEPP No. 14.

**State Environmental Planning Policy No. 6 - Number of Storeys in a Building - Gazetted 10 December 1982**

To provide a standard determination regarding the height of a building where the height is controlled by reference to the number of storeys.

**State Environmental Planning Policy No. 15 - Rural Landsharing Communities - Gazetted 9 April 1998**

State Environmental Planning Policy No. 15 - Rural Landsharing Communities aims to encourage and facilitate development of rural landsharing communities to collectively manage land in an environmentally sensitive and sustainable manner and to provide for low cost housing. The Policy establishes criteria for rural landsharing community development, matters for Council consideration, environmental considerations, site analysis and management requirements for development proposed under the Policy.

**State Environmental Planning Policy No. 21 - Caravan Parks - Gazetted 24 April 1992**

To regulate the use and development of caravan parks, and in certain instances, to enable their subdivision for lease purposes.

**State Environmental Planning Policy No. 22 - Shops and Commercial Premises - Gazetted 9 January 1987**

The policy allows with consent of council, a change of use from a shop or commercial premises or alternatively a commercial premises to a shop or another kind of commercial premises, where the new use is prohibited under an environmental planning instrument.

**State Environmental Planning Policy No. 30 - Intensive Agriculture - Gazetted 8 December 1989**

To ensure that all feedlots with a capacity of greater than 400 head are dealt with in a consistent manner, the Policy provides all councils with a consent role. Where development consent is required, proposals for cattle feedlots in excess of 400 head are designated development and require the provision of an environmental impact statement to accompany a development application.

**State Environmental Planning Policy No. 32 - Urban Consolidation (Redevelopment of Urban Land) - Gazetted 15 November 1991**

To provide for redevelopment of urban land which is no longer required for the purpose for which it is currently zoned or used. Its purpose is to ensure that sites which have the potential to contribute to urban consolidation are made available for multi-unit housing efficiently and without

delay.

**State Environmental Planning Policy No. 33 - Hazardous and Offensive Development - Gazetted 13 March 1992**

To provide a mechanism for the consideration of applications for hazardous and offensive industries, by ensuring that the consent authority has sufficient information to assess any such applications, to impose conditions to reduce or minimise any adverse impacts and to require advertising of applications for such developments.

**State Environmental Planning Policy No. 36 - Manufactured Homes Estate - Gazetted 13 July 1993**

This policy:

- (i) defines where Manufactured Homes Estates (MHEs) may be permitted and establishes criteria for the granting of development consent to these estates;
- (ii) enables with development consent, the subdivision of MHE provided such subdivision complies with the provision of the Local Government (Manufactured Homes Estates) Regulation 1993.

**State Environmental Planning Policy No. 44 - Koala Habitat Protection - Gazetted 6 January 1995**

This Policy aims to encourage the proper conservation and management of areas of natural vegetation that provide habitat for koalas, to ensure a permanent free-living population over their present range and reverse the current trend of koala population decline by:

- (a) requiring the preparation of plans of management before development consent can be granted in relation to areas of core koala habitat; and
- (b) encouraging the identification of areas of core koala habitat; and
- (c) encouraging the inclusion of areas of core koala habitat in environment protection zones.

**State Environmental Planning Policy No. 50 - Canal Estate Development - Gazetted 30 October 1997**

This Policy provides that where the Policy applies a person shall not carry out canal estate development as defined in the Policy.

**State Environmental Planning Policy No. 55 - Remediation of Land - Gazetted 28 August 1998**

This Policy aims to promote the remediation of contaminated land for the purpose of reducing the risk of harm to human health or any other aspect of the environment. The policy applies to the whole state, to ensure that remediation is permissible development and is always carried out to a high standard. It specifies when consent is required for remediation and lists considerations that are relevant when rezoning land and determining development applications.

**State Environmental Planning Policy No. 62 - Sustainable Aquaculture - Gazetted 23 August 2000**

To encourage the sustainable expansion of the aquaculture industry in NSW. The SEPP implements the regional strategies already developed by creating a simple approach to identify and categorise aquaculture development on the basis of its potential environmental impact. The SEPP also identifies aquaculture developments as designated development only where there are high potential environmental risks.

**State Environmental Planning Policy No. 64 - Advertising and Signage - Gazetted 16 March 2001**

This Policy provides new controls that will improve the quality of outdoor advertising and the environment.

**State Environmental Planning Policy No. 65 - Design Quality of Residential Flat Development - Gazetted 26 July 2002**

This policy aims to improve the design quality of residential flat development in New South Wales. This policy applies to the whole of the state in respect of the erection of new residential flat buildings, the substantial redevelopment or refurbishment of an existing residential flat building, or conversion of an existing building to a residential flat building.

A residential flat building for the purpose of the policy is defined as a building of three or more storeys (not including levels that protrude less than 1.2 m above ground level that are devoted to car parking and storage) and four or more self-contained dwelling units. It does not apply to buildings classified as Class 1a or 1b under the Building Code of Australia.

The policy provides design quality principles that must be satisfied, and the implementation of design review panels that provide independent advice to consent authorities and applicants on residential flat development proposals, development applications, draft Local Environmental Plans, Development Control Plans, Master Plans and Planning Policy documents.

**State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 - Gazetted 31 March 2004**

State Environmental Planning Policy (Seniors Living) 2004 aims to increase availability and to provide a wider choice of residential accommodation for older people or people with a disability. The Policy establishes matters for consideration, development standards and design requirements for development proposed under the Policy.

**State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004 - Gazetted 25 June 2004**

State Environmental Planning Policy Building Sustainability Index: BASIX) 2004 - Gazetted 25 June 2004 aims: -

- (1) Regulations under the Act have established a scheme to encourage sustainable residential development ("the BASIX scheme") under which:
  - (a) an application for a development consent, complying development certificate or construction certificate in relation to certain kinds of residential development must be accompanied by a list of commitments by the applicant as to the manner in which the development will be carried out, and
  - (b) the carrying out of residential development pursuant to the resulting development consent, complying development certificate or construction certificate will be subject to a condition requiring such commitments to be fulfilled.
- (2) The aim of this Policy is to ensure consistency in the implementation of the BASIX scheme throughout the State.
- (3) This Policy achieves its aim by overriding provisions of other environmental planning instruments and development control plans that would otherwise add to, subtract from or modify any obligations arising under the BASIX scheme.

**State Environmental Planning Policy (Major Projects) 2005 - Gazetted 25 May 2005**

State Environmental Planning Policy (Major Projects) 2005 aims: -

- (a) to identify development to which the development assessment and approval process under Part 3A of the Act applies,
- (b) to identify any such development that is a critical infrastructure project for the purposes of Part 3A of the Act,
- (c) to facilitate the development, redevelopment or protection of important urban, coastal and regional sites of economic, environmental or social significance to the State so as to facilitate the orderly use, development or conservation of those State significant sites for the benefit of the State,
- (d) to facilitate service delivery outcomes for a range of public services and to provide for the development of major sites for a public purpose or redevelopment of major sites no longer appropriate or suitable for public purposes,
- (e) to rationalise and clarify the provisions making the Minister the approval authority for

development and sites of State significance, and to keep those provisions under review so that the approval process is devolved to councils when State planning objectives have been achieved.

**State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007 – Gazetted 16 February 2007**

State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007 aims to provide for the proper management and development of mining, petroleum production and extractive material resources; to facilitate the orderly use and development of areas where the resources are located; and, to establish appropriate planning controls to encourage sustainable management of these resources.

**State Environmental Planning Policy (Temporary Structures and Places of Public Entertainment) 2007 – Gazetted 28 September 2007**

The aims of this Policy are as follows:

- (a) to ensure that suitable provision is made for ensuring the safety of persons using temporary structures or places of public entertainment,
- (b) to encourage the protection of the environment at the location, and in the vicinity, of places of public entertainment or temporary structures by (among other things) managing noise, parking and traffic impacts and ensuring heritage protection,
- (c) to specify the circumstances in which the erection and use of temporary structures are complying development or exempt development,
- (d) to promote opportunities for buildings (including temporary structures) to be used as places of public entertainment by specifying the circumstances in which that use is complying development or exempt development,
- (e) to promote the creation of jobs in the public entertainment industry,
- (f) to increase access for members of the public to public entertainment.

**State Environmental Planning Policy (Infrastructure) 2007 - Gazetted 21 December 2007**

The aim of this Policy is to facilitate the effective delivery of infrastructure across the State by:

- (a) improving regulatory certainty and efficiency through a consistent planning regime for infrastructure and the provision of services, and
- (b) providing greater flexibility in the location of infrastructure and service facilities, and
- (c) allowing for the efficient development, redevelopment or disposal of surplus government owned land, and
- (d) identifying the environmental assessment category into which different types of infrastructure and services development fall (including identifying certain development of minimal environmental impact as exempt development), and
- (e) identifying matters to be considered in the assessment of development adjacent to particular types of infrastructure development, and
- (f) providing for consultation with relevant public authorities about certain development during the assessment process or prior to development commencing.

**State Environmental Planning Policy (Rural Lands) 2008 - Gazetted 9 May 2008**

The aims of this Policy are as follows:

- (a) to facilitate the orderly and economic use and development of rural lands for rural and related purposes,
  - (b) to identify the Rural Planning Principles and the Rural Subdivision Principles so as to assist in the proper management, development and protection of rural lands for the purpose of promoting the social, economic and environmental welfare of the State,
  - (c) to implement measures designed to reduce land use conflicts,
  - (d) to identify State significant agricultural land for the purpose of ensuring the ongoing viability of agriculture on that land, having regard to social, economic and environmental
-

considerations,

- (e) to amend provisions of other environmental planning instruments relating to concessional lots in rural subdivisions.

**1(3)(b) As at the date of this certificate, the following draft State environmental planning policy(s) that have been publicised as referred to in section 39(2) of the Act, apply to the subject land. Any enquiries on the draft SEPPs should be directed to the Department of Planning:**

There are no such draft State environmental planning policies applying to the subject land.

**2(e) Minimum Standards for the Erection of a Dwelling-House:**

See land use table listed in Items 2(a-d) above. If minimum standard not specified, no development standard applies.

**2(f) Critical Habitat:**

The subject land is not identified as including or comprising critical habitat as prescribed in the Threatened Species Conservation Act 1995 or (subject to section 5c) Part 7A of the Fisheries Management Act 1994.

**2(g) Conservation Area:**

The subject land is not within a conservation area identified within the TLEP 2000.

**2(h) Item of Environmental Heritage:**

The subject land does not contain nor constitute an item of environmental heritage as listed in Schedule 2 of the TLEP 2000.

**2(i) Clauses under Tweed Local Environmental Plan 2000****Clause 52 (Existing & Future Dam Areas)****(1) Objective**

- to apply special provisions relating principally to environmental protection within particular areas shown on the zone map.

**(2) In relation to land shown on the zone map in the manner indicated in Column 1 of the following Table, the provisions specified opposite in Column 2 apply.****Table**

<b>Column 1</b> <b>Shown on the</b> <b>zone map by:</b>	<b>Column 2</b> <b>Applicable provisions</b>
<b>#</b>	A person must not carry out any development (except for purposes authorised under the <i>Forestry Act 1916</i> and purposes ordinarily incidental or ancillary to such purposes) on the land that will substantially change the topographic features or landscape or the natural state of the land, except with development consent.

**4 Coastal Protection:**

The Council has not been notified by the Department of Public Works that the land is affected by the operation of sections 38 or 39 of the Coastal Protection Act, 1979.

**5 Mine Subsidence:**

The subject land is not within an area proclaimed to be a Mine Subsidence District within the meaning of Section 15 of the Mine Subsidence Compensation Act, 1961.

**6 Road Widening/Road Realignment:**

The subject land is not affected by any road widening or realignment proposal under either Division 2 or Part 3 of the Roads Act, 1993, any environmental planning instrument or any resolution of the Council.

**7(i) Land Slip:**

The council has not adopted a policy to restrict development of the subject land because of the likelihood of land slip. Geotechnical investigations may be required prior to development of some sites, depending upon the characteristics of the site and the nature of development proposed.

**7(ii) Bushfire:**

The Council has adopted a policy to restrict development of the subject land because of the likelihood of bushfire hazard (see Item 11 below).

**7(iii) Tidal Inundation:**

Council has no records that indicate that the land is affected by tidal inundation. Accordingly, the Council has not adopted a policy to restrict development of the land in respect of tidal inundation.

**7(iv) Subsidence:**

Council records do not indicate that the land is affected by subsidence. Accordingly, the Council has not adopted a policy to restrict development of the land in respect to subsidence.

**7(v) Acid Sulfate Soils:**

The subject land is not identified as being affected by acid sulfate soils on Council's "Acid Sulfate Soil Planning Map".

**7(vi) Any Other Risk:**

Council has adopted a policy to restrict development of the subject land due to the following other identified risk: -

- **Cattle Tick Dip Sites:**

Council records do not indicate that the land is or has been used as a Cattle Tick Dip Site. Accordingly, no policy has been adopted to restrict development of the land in respect to cattle tick dip sites.

- **Contamination:**

Council has not by resolution, adopted a policy which may restrict development of the subject land in respect of potential contamination of that land.

Due to the historical nature of land uses in the Tweed Shire, there is a possibility that land previously used for such purposes as agriculture, industrial, residential, commercial or similar uses would contain contamination. Enquiries should be made at the Council for any information held in their files and enquiries should also be made with all other relevant authorities. Tweed Shire Council has not yet prepared any detailed information as to whether this land is contaminated land.

**7A. Flood related development controls information**

- (1) Council records indicate that the land is not affected by a 1:100 year flood event and therefore the requirements of Development Control Plan Section A3 do not apply in this instance.

Council has adopted the Tweed Valley Floodplain Risk Management Study (and Draft Plan) 2005 - Part 2 Planning Controls for High Flow Areas dated August 2006. The subject land is not affected by this Policy.

- (2) The subject land is not affected by any flooding under Council's Development Control Plan A3 – Development of Flood Liable Land.

**8 Land Reserved for Acquisition:**

The subject land is not identified as being subject to acquisition by a public authority (as referred to in section 27 of the EP&A Act 1979) under the provisions of any environmental planning instrument deemed or draft environmental planning instrument.

**9 Contributions Plans:**

As at the date of this certificate, the following contributions plan(s) apply (or may apply depending upon proposed future development) to the subject land:

---

Section 94 Plan No 4 - Tweed Road Contribution Plan  
Section 94 Plan No 5 - Open Space Contributions  
Section 94 Plan No 6 - Street Tree Planting in Residential Areas  
Section 94 Plan No 11 - Tweed Shire Library Facilities  
Section 94 Plan No 12 - Bus Shelters  
Section 94 Plan No 13 - Eviron Cemetery  
Section 94 Plan No 15 - Developer Contributions for Community Facilities  
Section 94 Plan No 16 - Emergency Facilities (Surf Lifesaving)  
Section 94 Plan No 18 - Council Administration Offices and Technical Support Facilities  
Section 94 Plan No 22 - Cycleways  
Section 94 Plan No 26 - Shirewide/Regional Open Space

**10 Matters arising under the Contaminated Land Management Act, 1997:**

**10(a) Investigation Area or Remediation Site:**

As at the date of this certificate Council is not aware/has not been notified that the subject land is within land declared to be an investigation area or remediation site under Part 3 of the CLM Act 1997.

**10(b) Investigation or Remediation Order:**

As at the date of this certificate Council is not aware/has not been notified that the subject land is subject to an investigation order or a remediation order within the meaning of the CLM Act 1997.

**10(c) Voluntary Investigation or Remediation Proposal:**

As at the date of this certificate Council is not aware/has not been notified that the subject land is the subject of a voluntary investigation or remediation proposal that is subject of the Environment Protection Authority's agreement under section 19 or 26 of the CLM Act 1997.

**10(d) Site Audit Statement:**

Council is not aware that the subject land is subject of a site audit within the meaning of Part 4 of the CLM Act 1997. Council has not been notified/provided with a copy of any site audit statement pertaining to the subject land.

**11 Bush Fire Prone Land**

The subject land is identified as bush fire prone land in accordance with the Bush Fire Prone Land map certified in accordance with Section 146(2) of the Environmental Planning and Assessment Act, 1979, as amended.

**12. Property Vegetation Plans**

The subject land is not affected by a Property Vegetation Plan under the Native Vegetation Act 2003.

---

**13. Orders under Trees (Disputes between Neighbours) Act 2006**

Council has not been notified of any Order made under the Trees (Disputes between Neighbours) Act 2006 to carry out work in relation to a tree on the land.

**14. Council Resolutions/Building Heights**

The land is affected by a height limitation of 3 storeys under Tweed Local Environmental Plan 2000.

**SPECIAL NOTATIONS**

The land is identified as Other Rural Land (Farmland Protection Project) on the map referred to in Section 117(2) Direction No. 14 dated 30 September 2005.

---

**149(5) Information****Development Approval/s**

No development consents have been issued within the last five (5) years.
